**Sing to the tune of *Yankee Doodle***

Taken from p. 323 of the *Family Home Evening Resource Manual*

<p><b>Verse</b> 1</p>	 Our prophet's told us to prepare   For famine and disaster.   If we obey, our family will   Live happy ever after.	 "Be prepared," our prophet said.   Store your wheat and honey.   Plant a garden; learn first aid;   And don't forget some money!
<p><b>Verse</b> 2</p>	 When Father Noah built an ark,   The people laughed and shouted.   But when the rain began to pour,   Those people never doubted.	 "Be prepared," our prophet said.   Store your wheat and honey.   Plant a garden; learn first aid;   And don't forget some money!
<p><b>Verse</b> 3</p>	 We have been warned in latter days   There will be floods and earthquakes.   So put your house in order and   Prepare before the dam breaks!	 "Be prepared," our prophet said.   Store your wheat and honey.   Plant a garden; learn first aid;   And don't forget some money!
<p><b>Verse</b> 4</p>	<p>Please do not procrastinate.</p>  Excuses have no muscle.   You'll never find a better time   Than NOW! So better hustle.	 "Be prepared," our prophet said.   Store your wheat and honey.   Plant a garden; learn first aid;   And don't forget some money!
